

YACR Books about Bells and Bell Ringing

Now is the time to enlarge your ringing library

The Education Committee has run a bookstall for a long time and now has quite a few books which it would like to find a good home for. Donations to the YACR Bell Repair Fund will be gratefully received, in particular for the publications at the foot of this list which have the previous selling price given in brackets. If you would like more details and to arrange getting books (I do want to avoid the cost of postage) please email me at pennythorley@gmail.com.

Most of the publications are Central Council ones, the ones with prices are mostly Snowdon books and a few are independent publications.

	Beginners Plain Bob	
	Beginners Grandsire
