RULES FOR THE FINAL OF THE SUNDAY SERVICE BAND STRIKING COMPETITION

These rules were published in the 2023 Annual Report. No change to the rules has been made since then.

PRESIDENT'S REPORT

At the AGM last year, we decided as an association to change some of our rules and regulations regarding categories of membership. This was one of the main outcomes of the review into our structure demanded by the association. There was a very good debate at the AGM and a wide range of views were heard. The meeting decided to remove the associate member category. This leaves, Vice Presidents, Life Members, Resident Members and Non-Resident Life Members.

I wish to thank all incumbents and all local organisers of association ringing meetings and business meetings. The Officers have supported me across the year, and I thank them. You will know that we have had several resignations of officers, and I thank those who have resigned for their contribution. Members have come forward to fill some of the positions either temporarily or on a more permanent, elected basis.

I am particularly grateful to Philip Hoole who is standing in as General Secretary. Philip made it clear to me that this could only be until the AGM in May as he has many commitments, not least the Central Council AGM in Sheffield in September. He has done an excellent job in the short time he has held the position and set a standard for others to follow.

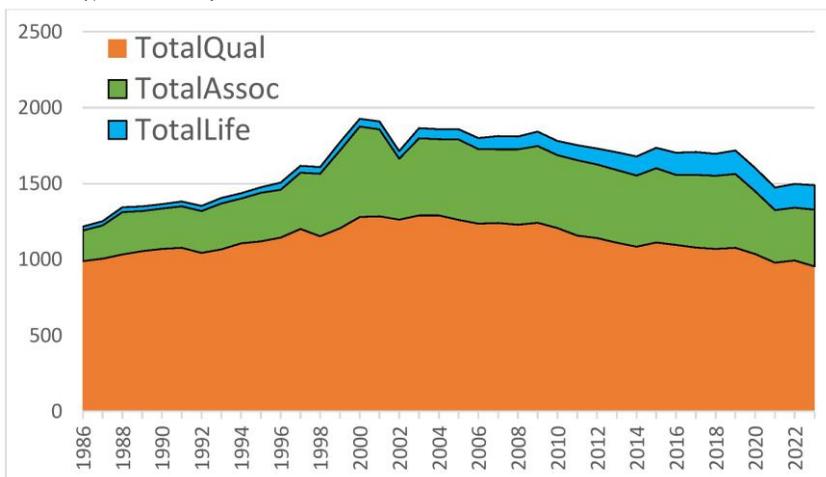

You will see that there are several posts available. The Association only works if members are willing to stand for posts. If members are not so willing then the Association will not be able to deliver the expectations that most members have of it.

I now want to turn to some aspects of bellringing that will be ever more important as the years progress.

In the period from the late 1970's until the millennium many people opted to become bellringers and our membership numbers increased. This was particularly rapid in the 1980's and 1990's. These people are now of an age where bellringing is dropping out of their lives, and we are also seeing a rise in the average age of bellringers across the country. This pattern is no less true in Yorkshire. For example, the proportion of Life members to total resident membership currently stands at around 11%, 160 out of 1489 total membership in 2023. Compare this with the same figures for 1986, 27 out of 1218, or 2%. In addition, the standard new recruit is likely to be of, or near to, retirement age.

In the period from 1986 to 2023 the membership of the association rose from 1218 to a peak of around 1900 members, then dropping steadily to its 1489 in 2023. The peak was at the millennium, which will not be a surprise to many. However, from the peak in 2000 through to 2023 there has been a steady but significant reduction in membership, with two short periods of decline. One after the millennium and one over the covid period.

One can see this in the graph below from numbers collected by myself and Dr Nicole Whitworth by examining all annual reports from 1986 to 2023.

The task was harder than it might have been because different data has been presented in the annual report in different years. That issue will go away as we have more years of membership data collected

through membermojo. This will allow us to make informed decisions about support and development based on consistent membership data around membership and, as importantly, where our members are located.

We also need age related data to inform our recruitment activities and to support our members with appropriate development opportunities. This is because the long-accepted pattern of recruitment into bellringing has long since fallen by the wayside.

We all know of parishes in an interregnum. This is now extremely common across all Church of England Dioceses. Many formerly separate parishes are now grouped into Benefices. Looking at the notice boards outside churches I have rung at over the year I observe that many churches with bells have no full time or part time clergy and the number of clergy led services in a standard month is in many cases less than one. Many churches are now effectively lay-led in their worship.

Coupled with the steady reduction of the number and proportion of the population living in rural areas (ONS data 2020) and the increasing age profile of those still living in the villages and towns of Yorkshire, it is clear that we need to adapt our thinking when it comes to recruiting new ringers. The pipeline for many years was based on the Church of England and its many ways of engaging with young people and their parents. The church based activities included a choir, with around 10-16 youngsters from the congregation, church Sunday schools, youth groups attached to churches and the general presence of children attending with parents and grandparents.

In many churches that might still be the case, but in most churches it is not. We urgently need to re-think our approach to bellringing. The days of taking 'out-of-voice' choirboys and girls and training them as bellringers, thereby continuing the attachment to the local church, are long gone. The youth groups have all but disappeared and Sunday School has been replaced by Sunday football or hockey or whatever families do on a Sunday mornings.

I suggest that the average recruit found in a tower in Yorkshire now is likely to be 50 than 15. They are attracted by a new hobby that has some physical, some mental and much social activity involved. Adults learn differently from school aged children, that much we have known for a long time, throw in adults older than 60 adds many other challenges on top. We need to adapt our approach to this new challenge.

I do not want to sound too gloomy in this report, but we must face reality. The Central Council has a strategy for 2030 because it is felt by many people across the exercise that a new approach to recruitment and retention of bellringers is needed.

We in the Yorkshire Association need to face up to that challenge. Our numbers are falling, our age is increasing but we remain a significant part of bellringing. The total membership is now at the same level as it was in 1996. I suggest that we adopt the challenge of recruiting and developing our numbers to a target of no less than the current level of approximately 1500. As we are currently losing on average 60-100 ringers each year, we need to recruit that number across Yorkshire and provide them with development opportunities in many cases beyond their local ringing environment. I have often been asked the question – 'why belong to the association', or a variant, 'what has the YACR done for me?'.

Perhaps the answer should be 'Because the YACR gives opportunities to develop and grow in bellringing beyond the boundaries of your local tower or even the group of towers where you regularly ring'.

As custodians of the vision of the pioneers of 1875, I sincerely hope that we share such a vision, because without it we run the risk of collapsing into the same local associations and societies that the Association grew out of in 1875.

Professor Andrew Slade: *President*

GENERAL SECRETARY'S REPORT

. Three meetings were held during the year. The February General Meeting was hosted by the Central Branch and included six towers for the open general ringing. The May AGM was hosted by the Western Branch. Five teams contested the interbranch striking contest that was won by the Western Branch. At the AGM it was voted to have a single level of membership. The September General meeting was hosted by the Eastern branch. Eight teams contested the Sunday Service band striking contest which was won jointly by Northallerton (C&NY Branch) and Scalby (Scarborough Branch).

Many thanks to our hosts for all of our meetings. It is much appreciated.

The new online membership system went live in November with the aim to ease the administration of membership for both members and membership secretaries. Members can pay their annual subscription online, update their contact details, choose to have a printed annual report, and manage their communication preferences of which branch/Association notices they receive. Communication to members should be greatly improved as members register.

Simon Plows had to resign this post in late October. He was in his second term that is reaching end of post at the May AGM 2025. Thank you for all of the time and effort that Simon did in this post.

I agreed to do the General Secretary role up to the May AGM 2025

Thank you to all for your support during the year.

Philip Hoole: *Acting General Secretary*

RINGING MASTER'S REPORT

At the start of 2024 the Central Branch hosted the February General Meeting with ringing centred in the Barnsley area, Cawthorne being the venue for Service, tea and meeting. A large number of people enjoyed visiting the six towers, three 8-bell and three 6-bell towers, which were open. Many members coming to these towers open for the first time in a long while in the Association's history.

During May the Association held its Inter-Branch Striking Contest at Gargrave, along with AGM at Kirby Malham. The sunny day was enjoyed by a large number of people. It was an excellent day hosted by the Western Branch, their representative team also winning the striking competition. One change to the rules of the Association took place where ringers of all abilities are now 'members' with no qualifying conditions being necessary.

The final Association meeting of the year, in September, was hosted by the East Riding Branch. Holme on Spalding Moor, with its fantastic views over the Vale of York, was the venue for the Sunday Service Band Striking Competition. All the teams rang to a very high standard and were a credit to each Branch they represented. Joint winners were Northallerton and Scalby. Only a small number of people came to the afternoon tea, meeting and ringing at Hull Minster and later at Eastrington and Howden.

The Yorkshire Association is still very much a change ringing society but opportunities and a warm welcome will always be given to non-method ringers who come to Association meetings. Standard methods are still very much the order of the day but occasionally requests have come to ring methods drawn from the Project Picked Egg group as explained in Simon Linford's book.

Once again I give my thanks to the people who have been asked to run the ringing in various towers during the year, and not least thanks to all members who have come along to our meetings to enjoy the friendship and company of the YA.

Malcolm Turner: *Ringling Master*

LIBRARIAN'S REPORT

This year has seen a consolidation of our collection with the library authorities wanting to conduct a full assessment of all collections held at the Minster Library.

As part of this they have re-evaluated their request to the YACR to reduce the collection down to that which is truly and only relevant to the Minster's core mission. Until the start of our year, they were keen for us to remove the collection of bound Ringing World's. That has now changed to their intention to review all holdings of collections that are not part of the Minster's core purpose and its history.

I expect to hear from them sometime in the next year or so, but they could not give me a timescale. The effect of this is to leave the collection as it is for the foreseeable future.

To make the collection relevant to the YACR, I urge members to use the library. For example, if they have any questions that might be answered by looking at a full set of YACR reports from year one to date. A full catalogue is available on the Minster Library website. <https://www.york.ac.uk/library/visit/minster/>

EDUCATION COMMITTEE REPORT

The educational year began with a follow up session from the Bingley weekend course, held in the Thirsk area. We continued our strategy of investing in the 'software' of ringing by organising and supporting ART courses. These included an M2F course in Richmond in March and another at North Cave in August and we are building up a list of ringers interested in these courses. In addition, we agreed a grant for St Giles, Pontefract to support their installation of a simulator.

We created a questionnaire to survey the association and its educational needs, receiving an encouraging number of responses which has helped us determine which courses we will try to arrange in the future. Thank you to everyone who responded, particularly those who offered to lead or help on courses. We are working our way through the requests so you may well hear from us soon!

In addition, the Education committee has been heavily involved in developing and publicising events for the association's 150th anniversary this year. This is another opportunity to support members of the association to develop, whatever they can ring, and to promote good fellowship within the association.

My thanks to everyone on the Education committee and to those who have supported its work in the past year. We are here for you so do get in touch if you would like to arrange training or apply for a grant to support your own training events.

SAFEGUARDING OFFICER'S REPORT

Safeguarding has been in the news in 2024 for all the wrong reasons. As far as the YACR goes I have not dealt with any serious cases just a few queries about good practice.

Ringing at your local church comes under the Safeguarding responsibilities of the PCC. Please do talk to your Parish Safeguarding Officer about what requirements they have for ringers.

Deborah Thorley: *Ex-Safeguarding Officer*

GIFT AID OFFICER'S REPORT

The Gift Aid repayment claim for 2024 amounted to £230.40, of which £109.15 related to cash collections at Association meetings and the balance of £121.25 was in respect of members' donations under standing order. I am in the process of submitting the claim to HMRC.

Donations from the online shopping website of Easyfundraising amounted to £42.11 in 2024.

Finally I would invite individuals and bands to consider making donations to the BRF. The appropriate forms can be downloaded from the Association website at yacr.org.uk/brffundraising.html.

YORKSHIRE YOUNG RINGERS (YORKSHIRE TYKES)

During 2024 the Yorkshire Tykes continued to meet on the third Sunday afternoons and visited a total of 28 towers all across Yorkshire. At most meetings we visited two towers and sometimes split the group so that some of the more experienced members could attempt quarter peals.

In March we were pleased to win a share of the ART Youth Group Award winning £400 for our funds. Thanks to one of our parents for making the nomination and for showcasing our achievements to the wider ringing community.

As we prepared for the RWNYC separate practices were arranged for each of our three teams, at towers with bells of a similar weight to the towers we would visit in London. 22 members travelled to London with our team of supporters over the weekend of 4th to 6th July.

We entered a record three teams this year: one in the 8 bell method section ringing Plain Bob Triples, one in the 6 bell method section ringing Plain Bob Doubles, and one in the 6 bell Call Changes section. We also had two reserves. We rang at various open towers including Cripplegate, St Mary-le-Bow, St Lawrence Jewry and Spitalfields. The 8 bell team completed their test piece at St Olave, Hart Street, whilst the two 6 bell teams went to Garlickhythe. The results ceremony was held inside St Paul's Cathedral and we listened carefully as the results for all 36 teams were read out.

It was wonderful to learn that our 8 bell team had won their section and the Whitechapel Trophy with an amazing score of 10 out of 10. The 6 bell teams also scored high marks in their contests. Many thanks to all our dedicated parents and supporters for making the journey to London, you all did Yorkshire proud. Next year the RWNYC will be held in Birmingham on 5th July 2025, so we'll be working hard to defend the trophy.

Two weeks later we celebrated the 10th Birthday of the Tykes by ringing two quarter peals in York, including the first Tykes quarter on 10 bells. On 21st July we gathered to ring at York Minster and followed this with a party in the Church Hall at St Lawrence, York. It was fantastic to see so many Tykes, Ex-Tykes and supporters at this event and the hall was suitably decorated with Yorkshire flags and bunting.

On 5th October the Tykes once again entered the White Rose 12 Bell Contest, this year held at Stockton-on-Tees. The test piece was two courses of Little Bob Maximus and our team of current young ringers supported by some former Tykes achieved a remarkable 2nd place out of the seven teams who entered. They scored 85% showing a great improvement from last year. In 2025 we have been invited to host this contest at Bradford Cathedral, more details to follow.

The Tykes welcome all young ringers (age 18 and under) from any tower to join our meetings. All abilities catered for provided they can safely handle a bell. To join our mailing list please register on MemberMojo and tick the "Yorkshire Tykes" box, or email Jane Lynch at: j.lynch6@btinternet.com

We thank all the churches who allowed us to ring their bells in 2024 and look forward to visiting more Yorkshire towers in 2025.

Jane Lynch (Yorkshire Tykes Organiser)

THE BELL REPAIR FUND 2024

Reg. Charity no. 508480

Custodian Trustees of the Bell Repair Fund

President Treasurer C Barrie Dove Peter Kirby

The Managing Trustees of the Bell Repair Fund

Simon Burren William Lennox Simon Reading
 Robert Cater Peter McCoy Deborah Thorley
 Emma Coles Helen Pells

During 2024 grants were paid out following completion of schemes at the following towers:

Scarborough	Grant	£1,000
Barnoldswick	Grant	£1,000
Ackworth	Grant	£1,250

We have now provided bells from the Colin Ashworth bequest for the following towers: **Richmond, Barton, Beverley St Mary and Horbury**

We did not have any new bells cast out of this bequest in 2024.

Allocations During 2024

We gave grants to the following projects in 2024:

Ackworth	Grant	£1,250
Hovingham	Grant	£6,000
Collingham	Grant	£300
North Cave	Grant	£6,000
Marsden	Grant	£3,000
Todwick	Grant up to	£5,000 from the Ashworth bequest, for a bell

We have two grants outstanding from before 2024:

Queensbury	Grant	£100
Melsonby	Grant	£10,000

We have had towers where we offered a grant but have now lowered the level of grant to “Support”. This is where we have said we will support a project but have not given a specific grant figure. Two towers have this status, being:

Laughton en le Morthen: They are having work done on the tower and will be reapplying for a grant when that work is done. This will be a transferred ring of bells for a new tower in Yorkshire.

Holme on Spalding Moor: The local ringers and parish are taking stock of the exact project and currently working on the North Cave project.

One thing to note: After long periods of bells not being rung the Central Council guidance is still to check your bells and make sure everything is how it should be in the belfry. It is always worth remembering ongoing maintenance can help prolong the need for expensive refurbishment work.

We are looking at various ways for finding homes for bells where they are no longer needed in their current churches. I ask members to keep me informed if they know of any churches that may be closing and bells that might be becoming available for transfer. Also, if you know of a church where towers could rehouse second-hand bells, please let me know at the earliest opportunity. We now have a list on our website of any Yorkshire bells that are available to be transferred to other towers. We have some towers in the county looking at options for bells from the Keltek Trust.

Trustees are appointed every year by the General Committee. If you would be interested in becoming a Trustee, please contact myself or the general secretary. As we fall within the rules set out by the Charities Commission there are certain conditions which apply as to who can become a trustee.

The next two meetings of the Trustees will be held in September 2025 and February 2026 to consider applications for support and grants. The closing dates for applications are 30th June and 31st December 2025 respectively. Applications should be submitted using the YACR BRF form A and sent to the BRF Secretary: Peter McCoy. If you are considering a project, please contact me so that I can supply you with the correct form and offer any advice you may require.

For further information to allow for a full understanding of the financial affairs of the Bell Repair Fund the full annual accounts and the Trustees’ annual report should be consulted. Copies of these documents are obtainable from the Association Treasurer for a reasonable fee to cover costs or alternately we have the most recent full reports available for download on the YACR website.

I would like to take this opportunity to thank everyone who has donated money, supported fund raising events, time, labour, and effort to the Bell repair fund in 2024.

Peter W McCoy: *BRF Secretary*

NOTES ON THE ANNUAL REPORT

Details are given for all towers containing four or more ringing bells, and all ringable three-bell towers, in the area of the Association's activity. The Report Editor, Association Membership Manager and Branch Secretaries will be pleased to hear of corrections or amendments to information contained in this report. For each branch, towers are listed with, wherever possible, details of the bells, the national grid reference, postcode and a link to the contact details if these are available on the YACR website. The figure in parentheses after details about the bells is the number of peals rung in the tower for the Association.

Members are listed only if they have given their permission. Members are listed by seniority of membership with their year of joining and peal totals. 'LM' indicates that the person is a life member of the Association. The three columns of figures at the right hand side of members' names indicate the number of peals rung for the Association during the year of the report, the total rung and the total number of peals conducted.

An asterisk after the year of joining indicates that a person has not had continuous resident membership since the date shown. This information is not complete at this stage.

Resident members receive a printed copy of the annual report each year if they have opted to do so.

The price of the printed report to non-resident members and others is £4.00.

BRANCH REPORT 2024

Our year began in February by hosting the Yorkshire General meeting in the Barnsley area with six towers open during the day with lunch & the business meeting held at Cawthorne.

Our branch AGM was held at Wakefield in February coinciding with the Rhubarb festival. Many visitors to the cathedral enjoyed the ringing from in the church itself with many venturing up the tower to watch ringing taking place.

During the business meeting we stood in silence to remember Hazel Kiddy, said our farewell to retiring secretary Chris Moxon taking a well-deserved rest, welcomed ten new members to the association and enjoyed a wonderful tea provided by the cathedral ringers. February was a busy month as we also joined the Doncaster & District society for a tower open day at Barnburgh, Hooten Pagnell & Hickleton where everyone had great fun experiencing ringing by mirrors for the first time.

Several branch members attended the Doncaster Society outing to the Southwell area in March closely followed by a joint meeting with the Doncaster & Barnsley Societies enjoying a lovely day together visiting Thrybergh, St Anthony Coptic Orthodox & Rotherham Minster.

In April the branch joined forces with the Barnsley & Doncaster Societies again for an outing to five towers in the Leeds area, and in May the branch joined with the Doncaster society to hold a meeting at Campsall. In June the branch visited Kirkburton, and in July Bentley & Arksey , again with the Doncaster Society.

In September there was a car outing to north Sheffield enjoying the beautiful scenery at Wentworth, Bolsterstone & Bradfield.

In October the branch held a meeting at Woolley & Felkirk with our last meeting of the year held jointly with the Doncaster Society at Barnby Dun where everyone enjoyed the decorated church building & festive refreshments. A great end to a busy year.

I would personally like to welcome all our new members, thank our branch committee for their sterling work & support, also a big thank you to everyone who has attended the branch meetings & outings throughout the year.

BRANCH REPORT 2024

The Wensleydale ringers continued their first Friday practices around their cluster, and a group of Wensleydale ringers keen to crack Bob Doubles started regular practices on Monday afternoons.

Ripon bells and ringers also featured on Radio 4, as part of the request for more recordings of bells on Sundays.

The branch entered the inter-branch 8 bell competition at Gargrave with a test piece of Grandsire Triples at the Association AGM in May, finishing 2nd. Thank you to Martin Davies for organising and conducting.

The Branch Striking competition saw nine teams enter. Many congratulations to Northallerton, who not only won at Barton, but came joint first in the Association Sunday Service competition in September. There were a number of notable achievements, but I wanted to highlight Thomas (age 10) from Barton, who only started to learn to ring in September 2023, and rang in the Barton team, finishing 3rd out of 5 teams in the call-change competition.

Several other of our young ringers have been busy, Alice (then 13) from Ripon featured on the BBC, both on TV and the website. Francis Town & Harry Helyer rang for Stockton in the National 12-bell contest. They were also part of the Yorkshire Tykes team who won the RWNYS, ringing Plain Bob Triples. There were thirty-six teams in total in the contest and the Tykes won with a perfect score of 10 out of 10. Following this, Harry was one of the judges at the London 12-bell competition! Harry and Francis both rang in the White Rose 12-bell competition at Stockton, with Francis ringing for the teams who finished 1st, 2nd & 3rd and Harry ringing for the teams who finished 1st and 2nd! Both rang a different bell for each team.

We held well-attended Branch 10 & 12 bell practices this year at Stockton, Northallerton, Masham and Ripon and we received positive feedback. Ringing at these ranged from rounds to Yorkshire Royal and Little Bob Max. The committee is currently making arrangements for similar practices in the coming year.

John Welch: *Chairman*

BRANCH REPORT 2024

As some of you know I took over the role as secretary for the branch at the AGM in 2024. I have not been an active ringer and so my thanks go to the members of the committee for their support as I try to understand the role. I would particularly like to mention the support shown by the tower captains as I have tried to organise the monthly branch meetings, this is something new to me and your patience and understanding this year has been much appreciated.

For our monthly branch meetings in 2024 we visited many towers with the specific aim of encouraging the less experienced ringers in our branch to venture out of their home towers and mix with other people and ring different bells. We have visited Harrogate St Wilfrid, Bramley, Pontefract St Giles, Birstall, Thorner, Horbury, Hampsthwaite, Harrogate St Peter, Thorner and Far Headingley. We have also visited our friends in the Selby & District branch at towers in Tadcaster and Wetherby. Attendance at these meetings has generally been good and the trend is for increased numbers to join us. We always welcome ringers from the Selby area to join our district practice.

We also enjoyed the hospitality of Chapel Allerton for our annual intra-branch striking competition. We had a great day with twelve teams taking part. Leeds Minster ringers took first prize in the

method ringing section and Leeds, St Anne came out on top of the rounds and call-change part of the competition. It was lovely to see so many ringers of varying ability in one place and great to see the more experienced members of the branch supporting those who are just starting their ringing career.

The branch membership level has recovered to pre-covid levels and we are looking forward to welcoming more new members this year. As YACR has moved onto membermojo to help manage communications with members it is good to see so many of our branch members embracing the change and signing up to the new platform.

I would like to take this opportunity to thank all the members of our branch for supporting ringing in the area. Special thanks goes to those who have donated their time to teach and encourage new ringers in the branch. We look forward to becoming ever more active in supporting towers and their ringers in the year to come.

BRANCH REPORT 2024

A comprehensive ringing programme for 2024 took place with meetings being held monthly at the various towers within the branch. Some were training mornings; others were assisting at the branch practice nights.

Mention should be made of the progress by the Hovingham band which is very encouraging, and particularly their fund raising efforts. During August they hosted cream teas in the village hall on Sunday afternoons. Ringers from other branches were noticed sampling the delights.

The September annual mystery outing took place and was a success; various towers were visited with the highlight of the day being Selby Abbey. Also in September the association 6-bell striking competition took place at Holme on Spalding Moor. Representing the branch were Scalby and I am pleased to report that they were joint winners tied with Northallerton. Well done Scalby.

The Stepping Stones programme continued throughout the year and so did the 5th Saturday advanced practices. Another plus for the branch was that Scarborough bells are again serviceable and ringing on all 10 bells has now resumed.

Our AGM was held in November, at Helmsley, at which the Chairman (Gerry Bacon) and Vice Chairman (Kathy Carter) stood down and were replaced by James Wood and Martin Tubbs. Gerry had been Chairman for 10 years and felt it was time for someone else to take over the reins. For the latter part of the year he had been unable to attend meetings etc., as he had suffered a mild stroke whilst on holiday in Slovenia, leaving him partially incapacitated. However, he was able to attend the AGM and having presented the programme for 2025, was able to hand over to his successor.

The average attendance at branch events could always be higher, but in these times, we must be grateful to all who give freely of their time to ensure that bells are regularly rung and offer encouragement to those that are setting out on their journey.

Finally, as we enter the 150th anniversary of the founding of the YACR let us all take a moment to reflect how fortunate we are to be part of large organisation that enables us to do the things we love most - ringing church bells - but most importantly calling people to church.

Gerry Bacon: *Branch Chair*

BRANCH REPORT 2024

The year started with the Sheffield and District Branch AGM in January, ringing at the Catholic and Anglican Sheffield Cathedrals. The Chapter House at the Anglican Cathedral hosted the meeting and an excellent tea of various delicious hot pies and puddings prepared by the Sheffield Cathedral ringers in between the enjoyable ringing.

Monthly branch ringing meetings on the first Saturday of the month were held during the year when the month did not include a YACR event.

The monthly meetings in March (Ecclesfield and Wentworth), April (Bolsterstone and Rotherham), July (Beighton and Norton) and November (Bradfield and Wortley) were branch training events that proved to be popular to branch members. They covered Rounds and Call Changes, Plain Hunt, cover, Plain Bob, Grandsire, Erin, Stedman, Treble Bob Hunting, Little Bob and ringing up and down in peal.

Eastwood and Thrybergh hosted the August meeting followed by refreshments at the nearby pub – the Deer Park Tab. Rotherham hosted the December meeting before the branch Christmas meal at Noshy's Lounge, Rotherham - a three-course hot buffet meal.

The branch striking competition was held in June at Walkley. The winner of the contest and awarded the JJL Gilbert Cup was Rotherham Minster. The C David Munday cup for best call-changes was won by Walkley.

The annual October outing was to five towers within the Nottingham city area all accessible by the tram network. Members travelled to Nottingham by train or car to a tram park and ride to then use the tram network. The towers were Clifton Holy Trinity (8), Clifton Corpus Christi RC (6), Wilford (5), Nottingham St Peter (12), and Nottingham St Mary (12). It was an enjoyable day out for all on a sunny autumn day with a pub lunch.

Many thanks to our hosts for all of our branch events. It is much appreciated.

Branch member Andrew Beevers was included in the 2024 New Year's Honours list; Medallists of the Order of the British Empire (BEM) for services to Bell Ringing and to the community in Ecclesfield, South Yorkshire.

Starting in January, branch member David Jackson organised a monthly Surprise Major practice on the second Saturday of the month to provide the opportunity to ring Surprise Major methods focusing on the Core 7 methods plus Double Norwich and including some spliced.

Thank you to all for supporting our branch during the year.

Philip Hoole: *Branch Secretary*

BRANCH REPORT 2024

As ever, the focus of the Branch has been on training to improve and extend the skills of interested members. We ran courses focused on Listening & Striking and on 5 & 6 bell methods and 7 & 8 bell methods. Having realised that a relatively small number of members were attending each training course, in the later part of the year we changed our focus to visiting specific towers and inviting the local "learners" to advance the skills needed within their tower. Later in the same day, we have visited nearby towers thus providing general ringing opportunities for all members and further involving a good number of ringers who have rarely attended Branch events. This approach has proved very successful in increasing participation and continues in 2025. The number of different helpers and students has increased and good progress has been noted at the towers we have visited.

Successful Monthly 8/10/12 bell practices have continued throughout the year at Halifax Minster. We also held a joint outing with the Lancaster branch of LACR to Liverpool in April, culminating in ringing at Liverpool Cathedral.

We also held two successful quarter peal days, with a good variety of methods attempted encouraging members to challenge themselves and offer opportunities for quarters not possible at their home towers. Thanks to all ringers across the branch who have made these activities possible.

Sheila Bloomfield: *Secretary*

Points of interest

The overall number of Quarters is roughly the same as that for 2023, but if you exclude the additional performances relating to the Coronation, the number is actually quite positive. There were several rung to mark the 80th anniversary of D-Day, but this didn't generate anywhere as much interest as the Coronation.

As usual, there was a lot of ringing of Quarter Peals for Sunday Services, birthdays of ringers and their friends and relatives, weddings, in memoriam, births and christenings, and special Services.

At Hovingham, many and various events have been marked by sponsored ringing, a good way to raise funds for projects. Well done Teresa Jones for masterminding this. It is the local interest that propelled the tower to be the most popular venue for quarter peals.

The number of First Quarters was up, as was the number of First as Conductor, but although the raw figures look good, it is worrying that the numbers are actually very small. As I said last year, it is not difficult for Tower Captains, teachers and QP organisers to encourage ringers to 'have a go' at a first

QP or conducting. Quarter Peals are an excellent way to consolidate the learning of a method, give the learner a great sense of achievement and lay a sound foundation for the future.

What is slightly worrying is that the number of members who took part in quarters has dropped considerably – let’s hope this is just a temporary blip.

On the positive side, there were a lot of firsts in method, and there was a lot of variety in what was rung. The most popular method was Plain Bob Doubles as in the past. This is an excellent method, enabling many members in the early stages of ringing to achieve something. The next most popular method – Cambridge Minor – shows that many members are keen to take the next step into the world of new and exciting methods. At the other end of the scale there were, amongst others, quarters of Ariel and Bristol Maximus, London Royal and Belfast Major and quite a few firsts in some of the more esoteric methods. Well done to those involved. Just to show a complete range, there was one quarter of Singles!!! (not as easy as you may think).

It is good to see that several members are being encouraged to follow the ART ‘learning the ropes’ scheme. It is a structured approach for teachers to use, and ringing a QP is one of the final achievements which can be celebrated by the learner and the teacher. Let’s see more awards in the scheme reported. Support and guidance in going about the scheme is available from the YACR Education Committee, who will also give help in all areas of development, such as how to call a touch, and then be able to call a QP.

I would like to make special mention of two members:-

Stuart Armeson who is one of the Association’s leading peal ringers, and peal conductors, eventually rang his first quarter peal in hand in 2024, many years after learning to ring.

Ed Mallen rang 48 quarters in 2024, not all for the Association, one for each year of his late wife’s life. (see footnote for Oxenhope 22nd December on Bellboard or RW)

2025 sees the 150th Anniversary of the founding of the YACR. Let’s see as many members as possible ringing something special to mark this. There are lots of members who do not appear in the QP stats – why not this year coming? 150 first quarter pealers is not totally ridiculous. A QP in 150 towers is just a small step on from the 130 in 2024. Even better see if every ringable tower has at least one QP attributed to the YACR.

In 2024 there were 948 quarters in Yorkshire, admittedly a fair number of those not attributed to the YACR were by other Associations (even Lancashire claimed a few!!!!), but there was a large number rung by YACR members but not reported as being for the Association. Conductors please note, as the success of the Association is diminished by not reporting appropriately.

PEAL SECRETARY’S REPORT

The 2024 peal total of 233 was slightly down on the previous year, when the total was boosted by the coronation, so this is probably the ‘new normal’, well down on the pre-Covid years.

YEAR	TOTAL	TOWER	HAND	FIRST PEALS
2024	233	212	20	5
2023	251	232	19	11
2022	224	205	19	14
2021	62	53	9	1
2020	78	64	14	1
2019	301	266	35	4

Local band peals reported in 2024 were by the Leeds Minster band at Barrow on Humber (21922) and Beverley St Mary (22085).

The first peal was rung on the augmented ring at Horton in Ribblesdale (21933). Also worth noting is that the first peal for 40 years was rung at Ackworth (22066) and the first peal for 30 years was rung at Holmfirth (22112).

Methods included 8 rung for the first time and a further 24 new to the Association. The most popular single method for peals (as usual) was Bristol Surprise Major (25), followed by Yorkshire Surprise Major (19), Bristol Surprise Royal (7) and Yorkshire Surprise Royal (6).

SAFEGUARDING STATEMENT

Child means any person aged under 18 years:

Vulnerable Adult means any person aged over 18 years who is, or may be in need of community care services by reason of disability, age or illness; and is, or may be unable to take care of or unable to protect him or herself against significant harm or exploitation.

CCCBR has recently produced its General Statement on Safeguarding Children in Towers which may be found on its website at <http://www.cccbr.org.uk> on the Tower Stewardship heading under the Committees Tab. All ringers are urged to familiarise themselves with it. The relevant points for YACR events are given below.

YACR activities do not usually fall within Regulated Activities as defined by the Safeguarding Vulnerable Groups Act 2006 and amended in 2009 and further amended by the Protection of Freedoms Act 2012.

YACR Ringing Activities REQUIRING DBS checks are those carried out on a regular* basis OR involving overnight stay (e.g. weekend courses):-(*regular is 30 hours per month or more)

- **The YACR member acting as Lead Tutor must hold a current DBS Enhanced Disclosure Certificate;**
- **Checking is the responsibility of the YACR Safeguarding Officer.**

YACR Ringing Activities NOT requiring DBS checks are:-

- Teaching children **under supervision** of a DBS checked leader
- Helping children by ringing another bell or standing behind
- General ringing at practices, meetings or on outings
- Visitors to towers
- One-off teaching or deputising
- Transporting juniors as a one-off **domestic** arrangement

Sunday Service ringing and local tower practices are always the responsibility of the parish and so YACR offers the following advice and information:-

The CCCBR document “Good Practice for Maintaining a Safe Environment in the Belfry for Young People” **should be** displayed in every Ringing Room.

All Tower Captains & Deputies should establish a working relationship with the Parish Safeguarding Officer who has a vital role to play in the recruitment of new ringers, or in the welcoming of established ringers coming into an established band. See ***Safer Recruitment Practice Guidelines*** below.

All Tower Captains & Deputies should be DBS Enhanced Disclosure checked if there are children in the band, as should any ringer involved in the training of children.

All parish based training should always be carried out by at least two adults, preferably comprising both sexes.

The Church of England has implemented two Policy Documents: ***Promoting A Safer Church*** and ***Safer Recruitment Practice Guidelines***. Both of these affect all ringers. The first recommends Safeguarding Training to be undertaken at ***Basic Awareness*** level (formerly **C0**, see below). Tower Captains and Deputies need to attain ***Foundation*** and ***Leadership*** (formerly levels **C1 & C2**, see below). Details of the Course Levels are:-

Basic Awareness (formerly **C0**). Online learning only. Covers the basic principles and sets the context for ***Foundation Training*** (formerly **C1**). Time required is about 1 hour. All ringers are strongly encouraged to complete.

Foundation Training (formerly **C1 & C2**). For Tower Captains & Deputies & Ringers in roles involving work with children or adults at risk. Online only. Online about 90 minutes, classroom 3 hours. For ringers in those categories YACR also offers a classroom based module for those who have completed the online courses to enable members to build on the issues through local conversations focussed on ringing scenarios. This is organised at Branch level, so please speak to your Branch Secretary for local details.

Leadership Training. This is a new module which is not expected to involve the majority of ringers. Completion Certificates are issued after each course. These should be retained and, if necessary, produced prior to ringing at places other than the home tower.

The online course gateway is at <https://safeguardingtraining.cofeportal.org>

Refresher training to take place every three years.

Safer Recruitment Practice Guidelines establishes new criteria for all voluntary roles including ringing. To be implemented at Parish level. It sets out a process for all new learners and established ringers joining a local band to provide information about themselves and agree to abide by the ethos of the Parish. It is suggested that for new learners the process need not be implemented until a level of competence is reached whereby regular membership of the band is offered. The **Parish Safeguarding Officer** needs to be involved at that point as a Confidential Declaration is requested, ***and it is not the duty of Tower Captains or Deputies to be present for that.***

DBS Certificates are obtainable free of charge by application to the Parish Safeguarding Officer. In **exceptional** circumstances, e.g. ringers unattached to a parish, application may be made to the YACR Safeguarding Officer who will seek processing through the relevant diocese. A charge will usually be involved.
